

ACCELERATED REHABILITATION CENTERS' WEBSITE HAS NEW LOOK AND FEEL

August 2009 - Accelerated Rehabilitation Centers is excited to officially announce the launch of its newly designed website. The Accelerated site, located at www.acceleratedrehab.com, has a new look and enhanced design that will allow visitors to quickly find the information and services they need.

While we've refined the design, we've also simplified the navigation, updated the graphics, expanded the extent of information, as well as improved the infrastructure for more efficient searches and faster screen loading times. The comprehensive website redesign project was based on extensive and valuable feedback from health care professionals, patients, and Accelerated staff members.

Be sure to visit our redesigned website, and return to the site often to find the most up-to-date information about Accelerated and our services, and to learn about special offers and events. Here's some of what you will see now at www.acceleratedrehab.com:

- **Home page:** Quick links to locations finder, appointment scheduler, company news and events.
- **Patient Education:** Visitors will be able to access our "First-Time Patient Guide," answers to frequently asked questions, as well as comprehensive information about physical therapy and Accelerated's available services.
- **About Us:** Includes links to information about Accelerated's history, mission, philosophy, and community outreach.
- **Company News:** Access to the press release and newsletter archives, and links to industry articles highlighting Accelerated in the news.
- **Careers:** Information about the Accelerated family and the many different employment opportunities that are available.
- **Events:** Includes upcoming webinars, seminars, continuing education courses, injury screenings, as well as health and wellness presentations.
- **Contact Us:** Helpful contact information for customer service and for Accelerated's corporate office in Chicago, IL, plus a link to our locations page where visitors will find contact information for Accelerated's 160 outpatient rehabilitation centers.

Even though we've worked hard to make the new site better, stronger, and faster, we understand that there still may be room for improvement. So if you have problems while navigating the site or cannot find what you're looking for, contact us at info@acceleratedrehab.com. We'd love to hear from you.

ABOUT ACCELERATED REHABILITATION CENTERS

Accelerated Rehabilitation Centers is a physical therapist owned and operated rehabilitation company that offers patients the most progressive treatment options and techniques. Founded in Chicago in 1989, Accelerated has grown to over 160 outpatient rehabilitation centers in 6 states across the U.S.—Illinois, Indiana, Iowa, Michigan, Missouri and Arizona. The Accelerated team of highly respected employees offers a wide range of programs and specialized services to help our patients restore and maintain their strength, motor skills, and function.

The mission of Accelerated Rehabilitation Centers is clear and unwavering: to lead with a *Patients First* philosophy that guarantees all patients superior and personalized health care and cost effective outcomes in an encouraging, accommodating, and educational environment. Through innovative practice, exceptional quality of care, and professionalism, Accelerated builds solid and successful partnerships with our patients and their communities.
